PRICE FIVE CENTS

TWO PLAYERS TIED FOR GOLF CROWN OF U.S.

Harry Cooper and Tommy Armour Turn in Cards of 301 For 72 Holes

Johnston Fell Back in Contest at Oakmont, Pa., After Two-day Lead

Oakmont, Pa., June 16.—Sinking a sensational twelve-foot putt on the home green for a third, Tommy Armour, professional star from the Congressional Country Club of Rockville, Md., today scored a 76 for his final round and tied "Light Horse" Harry Cooper for the lead in the open golf championship of the United States. Both had 301 for the 72 holes.

COOPER'S CARD
Harry Cooper, who took three putts on the 17th and missed a five-foot for a birdie on the 18th, finished his final round in 77. His card: In—448-343-384-38-77-301.
Sarazen, right behind the Pacific coast, had a scant chance for a "birdie" on the 18th, being short but approaching Birdie on the 19th, putting for a par four, giving him 74 for the final 18, and a total of 302. His inward card: 444 435 444-36-74-302.

JOHNSTON FAILED
At least eight or ten professional stars were outstaying Johnston, while the other amateur contender, Jimmy Johnston of Minneapolis, also had faded from the picture, taking a wretched 87 for his third round, leading for two days with 147. Johnston's 54-hole score was 234.

Armour with 225, Hagen with 226 and Sarazen with 228, a stroke better than the leading Birdie, Compton, and Cooper's closest contenders as the final and deciding 18 holes round of the 72-hole title test got under way in the afternoon.

SARAZEN LOST
When Cooper, of Los Angeles, finished with 301, his score put him a stroke ahead of Gene Sarazen, one of his foremost rivals, who slipped on the fifteenth and sixteenth, losing a stroke on each hole to par and spoiling his chance to go to the front.

SARAZEN'S SCORE
Sarazen's score for the final eighteen holes was 74 and his aggregate 302.
After taking 38 going out, Sarazen took a 4 on the home hole, and was all even with par at the fourteenth. He had birdies on the twelfth and fourteenth with eight and ten-foot putts and needed even par to score 300. Sarazen took a five over par, at the fifteenth hole, a four, also one over par, at the sixteenth. A par at seven-teenth left him with a chance to tie Cooper with a birdie on the home hole.

Bobby Jones' last slim chance of retaining his title vanished when he took 39, two over par, on the outward nine of his final round, and dropped two more strokes to five on the next three holes. The titleholder, unable at any stage of the tournament to strike his usually consistent stroke, had started the final round eight strokes behind Cooper.

B. KOVCEGA VOICES HATRED OF SOVIET

Youth Who Killed Volokoff Given Life Sentence in Warsaw

Warsaw, June 16.—Life imprisonment, with the loss of civil rights, was the sentence pronounced last night on Boris Kovcega for the assassination of Peter Volokoff, Soviet Minister to Poland, in Warsaw.

When the trial opened yesterday morning before a special tribunal the nineteen-year-old student admitted without hesitation that he had killed the Soviet envoy, but said he was not guilty of murder. He described his act as one of revenge for what the Bolsheviks had done in Russia.

The authorities had taken precautions to deal with any demonstrations for or against the prisoner, but the trial ended last night without untoward incidents.

HATED SOVIET
Going into details as to his reasons for shooting the Minister, Kovcega said that what he had seen as a boy in Samara had been a specimen of the Soviet. Hearing the Soviet was becoming worse than ever, he said he decided to go to Russia, but the Soviet Government had refused him a passport and he had made up his mind to kill Volokoff.

Rosenzweig, who was one of the witnesses, testified that the only exclamation Kovcega made when he shot the envoy was "Russia, Poor Russia!"

AUTOMOBILE FATALITY

Kingston, Ont., June 16.—Ex-Alderman John Holden died here today of injuries suffered last night when the automobile in which he was returning from the town of Napanee turned turtle. Charles Macdonald, driver of the car, was held on a charge of criminal negligence.

NOW AT CONVENTION OF POLICE LEADERS

Chief John Fry of Victoria is among the delegates at the annual convention of the Northwest Association of Sheriffs and Police, now in progress in Nelson, B.C.

Chief John Fry of Victoria is among the delegates at the annual convention of the Northwest Association of Sheriffs and Police, now in progress in Nelson, B.C. The convention is being held at the Hotel Vancouver. Fry is one of the many police leaders from across the Northwest attending the annual gathering. The convention is a significant event for law enforcement in the region, providing an opportunity for officers to discuss common issues and share best practices.

CHIEFS OF POLICE MEET IN NELSON

Visitors Welcomed by Mayor; Presidential Address by L. S. May

Nelson, June 16.—Organization of the second international anti-crime conference under the auspices of the Northwest Association of Sheriffs and Police, was fully effected this morning. Under the chairmanship of Luke S. May, of Seattle, president of the association, telegrams of best wishes were read from John W. Sargent, United States Attorney-General; Hon. A. M. Manson, Attorney-General of British Columbia; Frank O. Lowden, ex-Governor of Illinois; John Ford, Justice of Supreme Court of New York State; J. L. Patterson, Governor of Oregon; and Charles H. Leavy, judge of Superior court, Spokane, among others.

SAFEGUARDING OF EVIDENCE

(Special to The Times)
Nelson, B.C., June 16.—In his address here today at the opening of the sixth annual convention of the Northwest Association of Sheriffs and Police, Luke S. May, of Seattle, president, advocated a universal law making it a misdemeanor to interfere or tamper with physical evidence at the scene of a crime. Mr. May, who is an international authority on physical evidence, declared the most vital evidence, which either convict or exonerate the accused person or persons, had been destroyed in scores of cases in which he had been called in by officers to assist in making the investigation.

DELEGATES WELCOMED

The delegates to the convention were welcomed to Nelson by the Mayor of the city. The president's address was delivered at this afternoon's session, which included a discussion of the subject, "Safeguarding Against Crime."

During the afternoon programme provided for the delegates to be taken on an automobile trip to South Slope to inspect the Nelson and West Kootenay power plants at Bonnington Falls. Special entertainment was planned for the women accompanying delegates.

RUBBER PRICES UNSTEADY TO-DAY

Big Sag in Values on Market at New York Followed by Rally

New York, June 16.—Another sensational break of 130 to 140 points occurred on the local rubber market this morning under continued heavy liquidation and ending with a break of 1/4 to 1/2 in London.

Since May 6 the June position in the local market has declined eight cents per pound. According to rubber merchants here, the action of the market was due to the selling out of rubber which had been held for a long period and owing to disappointing developments in the statistical position, which resulted in an accumulation of supplies in excess of requirements. On the other hand, according to rubber merchants here, the action of the market was due to the selling out of rubber which had been held for a long period and owing to disappointing developments in the statistical position, which resulted in an accumulation of supplies in excess of requirements.

PINEDO PLANE BACK IN ITALY

Rome, June 16.—Commander de Pinedo, Italian, and his fellow aviators, arrived in their seaplane at Ostia, on the coast near here, at 5 o'clock this afternoon, completing their four-continent flight. They were greeted by immense cheering crowds and officially welcomed by Premier Mussolini and other dignitaries.

WOUNDED MAN IS UNDER GUARD

G. W. Donald in Vancouver Hospital; Wife, Wounded, is in Critical State

Vancouver, June 16.—G. W. Donald, who was found unconscious in his suite at 621 Cambie Street early Wednesday morning with his throat and wrist slashed, has been formally warned by police that he face charges of attempted murder and attempted suicide.

Donald recovered somewhat in the General Hospital, yesterday afternoon. A uniformed constable was placed on guard at his bedside and constant watch is now being kept.

There is little change in the condition of Mrs. Annie Donald, his wife, who was found with her head crushed apparently from repeated blows of a carpenter's hammer, which was discovered in the room. Her condition is still critical.

P.G.E. Negotiations In Progress To-day In Terminal City

Vancouver, June 16.—Representatives of New York and other financial interests of the United States, who have been making a survey of the Pacific Great Eastern Railway with a view to buying it under a land grant, reached Vancouver last night.

To-day Messrs. William Wallace Jr., corporation lawyer, and H. J. Horn, railway consulting engineer, are inspecting the North Shore branch of the P.G.E. between North Vancouver and Whistler. Colonel William A. Sullivan, Seattle financier, will interview the directors of the road in Vancouver to-day.

NEW TRIAL ORDERED IN OIL SHARE CASE

Oil Company Lost First Action Against Duncan Undertaker

A new trial was ordered by the Court of Appeal yesterday in the case of the Interior Oil Company Limited of Wainwright, Alberta, and J. C. Broome, Duncan undertaker.

The company lost their action before a County Court jury to force Broome to complete the purchase of 4500 worth of oil shares for which they alleged he had given promissory note to two salesmen. The defence was that the promissory note was a forgery and that the salesmen secured a signature to an option to purchase and not to a promissory note.

FOXLAKE WINNER AT ASCOT TO-DAY

Ascot, England, June 16.—Sir Abe Bailey's Foxlake won the Gold Cup, one of today's features of the Ascot racing programme.

Jacques Withnough's Altay was second and Aza Khan's Dark Japan third in the field of eight. Foxlake, at 8 to 1, won by two lengths, the same distance separating the second and third horses. The odds on Altay were 25 to 1 and on Dark Japan 11 to 10.

Foxlake is by Son-in-Law out of Alopec.

The Gold Cup is valued at £500, with £2,500 and extra added. The race was at two and one-half miles.

By winning the cup Sir Abe Bailey frustrated a determined attempt by the French turfmen to carry off the prize. Five of the eight starters were French-owned, but the best they could do was to take second place with Altay.

CHANG SAYS HE MUST BE OUSTED

EUGENE CHEN

With Chang Tso-lin named generalissimo of the anti-communist forces in China a new drive will be started, one of the objects of which will be to drive Eugene Chen from his present position in Chinese affairs. Chen is Foreign Minister of the Nationalist Government and Marshal Chang is on record as saying China must be rid of him.

NORTHERN CHINESE AND CHIANG AGREE

Chang Tso-lin is Named Generalissimo of Chinese Anti-Communist Forces

Peking, July 16.—Marshal Chang Tso-lin and other leaders of the Kuochun or Northern Chinese Alliance, issued a circular this afternoon announcing Chang Tso-lin had assumed the post of "Generalissimo of the Forces for Suppression of the Communists."

This would indicate that the negotiations between the Northern Chinese leaders and General Chiang Kai-shek, head of the Moderate faction of the Nationalists, have been successful and that an agreement has been reached for common action against the Manchukow, or radical section of the Chinese Nationalists.

Russian Naval Officer is Given Death Sentence

Moscow, June 16.—The military and naval tribunal at Kronstadt has sentenced to death Commander Klepikoff, who formerly commanded a ship in the Russian Baltic fleet, on charges of espionage for Great Britain.

Klepikoff's wife was sentenced to three years' imprisonment for complicity. The commander, who allegedly confessed to the charge, was accused of having given a report to a British intelligence agent residing in Finland containing information regarding the condition of the Soviet armed forces, particularly the navy.

LIQUOR IS ISSUE IN P.E.I. ELECTION

People of Eastern Province Are to Vote For M.P.P.'s June 25

Charlottetown, P.E.I., June 16.—With polling day set for Saturday, June 25, the provincial election campaign is in full swing in Prince Edward Island, the battle being waged between the two old-time parties, the Liberals and Conservatives, and the traditional island system of holding joint meetings prevailing.

The people will elect fifteen Assemblymen and fifteen Councillors.

Fire in Ontario Causes Two Deaths

Timmins, Ont., June 16.—Miss Mary McKewen, a school teacher of North Bay, who fell to the sidewalk from a third-story window in the Reed Block here during a fire which occurred there Sunday night, died today of her injuries. It was the second death as a result of the fire.

PARTY PREPARES TO EXPLORE LARGE AREA OF ROCKIES

Jasper, Alta., June 16.—An expedition into one of the last great unexplored ice regions of the Canadian Rockies will take the trail here June 23. Three months will be spent in exploration, surveying and mountain climbing in the area directly north of the west Columbia ice field, the geographical apex of the North American Continent.

FOREST RANGERS TRACE REPORTS OF MISSING AIRMEN

Word From Them on Nun-gesser Rumors in Saguenay Area of Quebec Awaited

No Plane to be Sent to Search Till Reports Are Made by Rangers

Quebec, June 16.—No aeroplane will be sent out by the Quebec Government to search for the missing French airmen, Nungesser and Coli, until instructions have been received to follow a course by the French consul-general in Montreal, Baron de Vitrolles. To-day A. Bedard, assistant chief of the forestry service, telephoned to Baron de Vitrolles telling him the Government was being urged to send a plane to the mountains north of the Saguenay River to search for the aviators on the strength of the reports of flames being seen and an aeroplane motor heard in the region on Monday May 9, in the neighborhood of the St. Marguerite River.

The consul-general said it would not be wise in his opinion to send a plane at the present moment as the reports received did not warrant this. He said that as soon as further definite news was received from the forest rangers in the region he would advise his Government and ask what steps must be taken.

MINERALS SUBJECT OF COURT APPEAL

Privy Council in London to Rule on Hudson's Bay Company Lands in Canada

London, June 16.—(Canadian Press Cable.)—An appeal to the Judicial Committee of the Privy Council here in the case of the Hudson's Bay Company versus the Minister of Justice and Attorney-General of Canada on the question of the ownership of precious minerals in the company's lands, was granted by the Judicial Committee today.

In connection with the company's application for leave to appeal, it was stated the province of Manitoba and Saskatchewan were not directly represented, but had signified their consent to the granting of the company's petition. No opposition was offered.

CYCLONE SWEEPED AREA IN ONTARIO

Damage Done by Windstorm North of Peterboro; Observation Tower Destroyed

Peterboro, Ont., June 16.—Stories of a cyclone are filtering to-day out of the country north of Peterboro. Sweeping a narrow path through the west of Aspley, thirty-five miles north of this town, the cyclone lifted the roof of a factory, tore up trees, and carried off a house. It was reported that it 300 feet high.

Pieces of the tower fell five miles away and provisions were found floating in Cold Lake, three miles away. The tower was bolted to solid rock and braced at all corners.

Edward Wilson's cottage was dented and moved some yards.

A small island in Cockan's Lake was stripped bare of every bush and tree.

"JUBILEE TIME" TICKING MERRILY

Novel Plan Arranged by Executive Shows Progress of Jubilee Funds

In the office of the Diamond Jubilee Committee, 1107 Government Street, a two-foot clock is ticking off "Jubilee Time." The hands of the clock, arranged to show contributions towards the Diamond Jubilee fund, were over to the \$6,000 mark at noon to-day, and are expected to average between \$300 and \$1,000 a day from now until the closing arrangements for the feature three-day programme to be staged by Victoria with the assistance of Saanich, Oak Bay, Esquimalt and other municipalities during the period of July 1 to 3.

"You can help to move the clock, and make your contribution a success," said the committee, through direct and indirect contribution.

Subscription lists have been opened at The Times, The Colonist, the City Hall and at the Jubilee Headquarters. During the sessions, which are to last to-day, and a run on these is expected before the close of the week, as it becomes better known that the tickets will return a high value in entertainment to their possessors.

The Diamond Jubilee Ball at the Empress Hotel on the night of July 1 will be a brilliant affair, with tickets for a great occasion. The ball will be a brilliant affair, with tickets for a great occasion. The ball will be a brilliant affair, with tickets for a great occasion.

NO JOINT WARNING TO SOVIET RUSSIA

Statesmen of European Nations Decide It Would be Mistake to Send Note

Objections of Governments Directed Against Soviet Propaganda Abroad

London, June 16.—Fear of arousing Russian nationalist feeling to a dangerous point has caused abandonment of the plan for a concerted warning by the European powers against further communist propaganda abroad and alleged terrorism by the Soviet at home.

In reconsidering their original decision, the foreign ministers now in Geneva attending the League of Nations Council sessions, are said to have concluded that formal collective action of the nature contemplated might create the impression in Moscow that a united front was being formed against the Soviet.

ATTITUDE OF POLAND

Poland is understood to have been the guiding spirit in advising against Russia by even an appearance of hostility, emphasizing that such an attitude would serve to intensify the Russian nationalist spirit in the same manner as it was aroused at the close of the Great War by military intervention.

Nevertheless, according to Geneva information, there is every likelihood that Dr. Gustav Stresemann, German Foreign Minister, following up informal conversations on the subject with M. Tchicherin, Russian Foreign Minister, will acquaint him with the feeling that has been caused throughout Europe by the activities of the Third International and warn him in a friendly way that those activities are militating against Russia.

TALK OF WAR

Meanwhile, the Russian newspapers according to dispatches from Moscow are laying stress on the necessity of preparing for a foreign war, which they say is a prospect facing the country. But from all appearances, it is declared, the warnings are attracting little attention, with no evidence of recruiting, drilling or military activity.

Notwithstanding all sorts of sensational reports printed abroad, direct dispatches from Moscow say all is quiet. It is stated the recent assassination in Warsaw of M. Volokoff, Soviet Minister to Poland, and the resultant change of notes between Moscow and Warsaw have not evoked as much comment as the break in Anglo-Soviet relations.

LECTURES TO HELP NATIONS' RELATIONS

British Empire Chief Topic of University Sessions in Chicago

Chicago, June 16.—(Canadian Press.)—Representatives of Canada and other parts of the British Empire will take part in the Fourth Institute of the Norman Watt Harris Memorial Foundation of the University of Chicago during the next few weeks.

The foundation, presented to the university in 1923 for the study of international relations, has for its object "the promotion of a better understanding of the part of American citizens of the other peoples of the world."

Post-war problems in general, Oriental problems in particular, have been successfully occupied the programme of the foundation since 1924. This year the foundation will consider problems of the British Empire and the Summer term of the university will specialize in the history of the Empire and its present day constitution.

IDENTIFICATION ASKED

The suspect will be brought to this city late this afternoon and every person who in any way is believed to have encountered the Winnipeg killer, has been summoned to the municipal jail here, where he will be brought, for identification. Several persons saw him before he escaped from the city, but none before he was again a captive by the time the reserve force arrived in Killarney.

The suspect will be brought to this city late this afternoon and every person who in any way is believed to have encountered the Winnipeg killer, has been summoned to the municipal jail here, where he will be brought, for identification. Several persons saw him before he escaped from the city, but none before he was again a captive by the time the reserve force arrived in Killarney.

CHINESE PAY UP BOND INTEREST

New York, June 16.—J. P. Morgan & Company announced to-day that funds had been received from the Chinese Government for payment of interest on coupon number 30, due June 15, 1926, on bonds of the American, British and French series of the Chinese Hukang Railway five per cent. loan of 1911. Action on the German series has been deferred pending receipt of instructions from Peking.

POLICE DECLARE "GORILLA MAN" IS NOW IN TOILS

Man Who Was Captured Near Killarney, Manitoba, Escaped and Was Recaptured Is Believed to Be One Who Killed Woman and Child in Winnipeg and Score of Women in United States; Is Being Taken to Winnipeg

Winnipeg, June 16.—The continent-wide hunt for the "Gorilla Man," wanted in a score of United States and Canadian cities for the murder of at least twenty women and children, is believed to have ended to-day with the capture of a suspect answering the killer's description near the town of Killarney, in southern Manitoba.

FIRE DESTROYED MUCH SEIZED RUM

Other Goods Ruined When Flames Swept Customs Building in Montreal

Montreal, June 16.—The old customs warehouse at the corner of McGill and Common Streets here, was destroyed by fire which broke out in an elevator shaft early this afternoon. Goods estimated at \$2,000,000 were stored in the building, including \$600,000 worth of seized liquor.

No loss of life was reported. The building, a stone structure occupying about a quarter of a block, was used by the Federal Customs Department bonding section, the C.P.R. and C.N.R. customs branches and the American Railway Express.

MINERALS SUBJECT OF COURT APPEAL

Privy Council in London to Rule on Hudson's Bay Company Lands in Canada

London, June 16.—(Canadian Press Cable.)—An appeal to the Judicial Committee of the Privy Council here in the case of the Hudson's Bay Company versus the Minister of Justice and Attorney-General of Canada on the question of the ownership of precious minerals in the company's lands, was granted by the Judicial Committee today.

In connection with the company's application for leave to appeal, it was stated the province of Manitoba and Saskatchewan were not directly represented, but had signified their consent to the granting of the company's petition. No opposition was offered.

The appeal is from a decision of the Supreme Court of Canada given last April, that gold and silver in the Hudson's Bay Company lands were owned by the Government, not by the company. The question at issue was whether the company, under the terms of surrender to the Dominion, lost the ownership of precious metals in lands the trading posts and in the sections of land retained by the company.

The news of the capture of the suspected "Gorilla Man" was flashed to the Winnipeg police, who were about to leave for the scene by special train when the report of his escape was received. A heavy downpour of rain during the night had precluded a race by motor car to Killarney.

Bloodhounds, which have been used by the police in their search for the killer in Manitoba, were again brought into action today. The hounds were armed themselves with sawed-off shotguns, rifles and revolvers to meet the possibility of violent resistance. The fugitive, however, was again a captive by the time the reserve force arrived in Killarney.

The suspect will be brought to this city late this afternoon and every person who in any way is believed to have encountered the Winnipeg killer, has been summoned to the municipal jail here, where he will be brought, for identification. Several persons saw him before he escaped from the city, but none before he was again a captive by the time the reserve force arrived in Killarney.

When he made his quick escape from the Killarney jail last evening, the man was without shoes. To-day he was wearing a pair of skating shoes and a green sweater, which were taken from the shed of W. Allen. No one was in the house when the articles were stolen. Mr. Allen having been out hunting the fugitive, while Mrs. Allen had taken her children to stay with friends during her husband's absence.

From 300 to 350 automobiles were scouring the district throughout the night and it is estimated 700 persons were engaged in the search, but it was not until 9 a.m. to-day that a definite track, which led to the man's capture, was obtained.

So great was the excitement in the town of Killarney that school examinations scheduled for to-day were postponed.

From 300 to 350 automobiles were scouring the district throughout the night and it is estimated 700 persons were engaged in the search, but it was not until 9 a.m. to-day that a definite track, which led to the man's capture, was obtained.

RESEARCH WORK IS TO BE EXTENDED

Federal Government An-
nounces Establishment of
Laboratories in Ottawa

Ottawa, June 16.—The Government
is announced, has decided to ex-
tend the activities of the Honorary Ad-

visory Council for Scientific and In-
dustrial Research. The most impor-
tant feature of the proposed expansion
will be the establishment in Ottawa of
national research laboratories directly
under the control of the National Re-
search Council.

The function of these laboratories
will be two-fold:

1.—Standardization work of all kinds
similar to that being conducted by
the Bureau of Standards at Wash-
ington, or the National Physical Labo-
ratories in Great Britain.

2.—To make provision for the carry-
ing out of research through the labora-
tories, which will be open to private
firms who desire to conduct investiga-
tions, under the administration of the

permanent staff of the National Re-
search Council.

For instance, any private corporation
will be enabled to endow a research
worker to conduct an investigation
into any particular problem affecting
its business, and will be able to re-
tain the results to itself after paying
the costs of the laboratory facilities.

NEW MINISTER HONORED

Stockholm, June 16.—The new
United States Minister to Sweden, Le-
land Harrison, and Mrs. Harrison were
guests of honor at a luncheon given
yesterday by the Swedish-American
Foundation and the Swedish-American
Society.

CLEMENCY URGED

Ottawa, June 16.—A proposal that
the Diamond Jubilee of Confederation
should be seized as an occasion for
clemency to prisoners whose cases are
considered deserving was advanced in
a petition presented to Hon. Lucien
Cannon, Solicitor-General, yesterday
afternoon by a delegation from the
Prisoners' Welfare Association of Mon-
treal. The Solicitor-General discussed
the matter with the delegation and
promised it would be considered by
the Cabinet.

The Ukraine is the richest and most
densely populated part of Russia.

DOUGLAS ARMOUR DIED IN VANCOUVER

Was Sixty-seven; Well Known
as Barrister on Pacific Coast

Vancouver, June 16.—Douglas Arm-
our, K.C., prominent Vancouver bar-
rister, died in St. Paul's Hospital here
last night.

He had been ill for three months. An
operation last Saturday failed to im-
prove his condition, and members of
his family were summoned home, the
last to arrive being his son, Major
Stuart Armour, from Montreal, yester-
day morning.

Mr. Armour was a son of Hon. John
Douglas Armour, Chief Justice of On-
tario and later a member of the Su-
preme Court of Canada. He followed
his father's profession in three pro-
vinces, Ontario, Quebec and British
Columbia.

Born at Cobourg, Ont., April 27, 1860,
he was admitted to the Bar of Ontario
in 1884, and practiced in that province
until 1902 when he moved to Montreal.
He practiced in Montreal seventeen
years ago, when he came to this Pro-
vince.

CLOTH MAKERS NOW ASK HIGHER DUTIES

Woolen Mill Men Place Argu-
ments Before Tariff Board
of Canada

Ottawa, June 16.—The Canadian
woolen and knit goods manufacturers
argued their case for increased tariff
duties before the Tariff Board here
yesterday. J. H. Fippen conducted
the case for the industry, which was
summarized as follows:

1.—There is a market in Canada for
approximately \$40,000,000 worth of
cloth each year.

2.—The Canadian mills are produc-
ing only thirty per cent of the clothing
sold in Canada.

3.—By working days only, the mills
operating at present in Canada could
produce approximately fifty per cent
of the requirements, and there would
be no difficulty in producing sixty
per cent of the requirements.

4.—The reason why the Canadian
mills do not obtain a greater portion
of the home market is that the pro-
duction costs are lower in Europe than
in Canada and that Canadian duties
are not sufficient to allow for this.
5.—Increasing the duties would have
the same effect as in Australia. It
would result in increased employment
in Canada and, while regulating the
volume of imports, it would not act as
an embargo.

The Consumers' League of Canada,
represented by R. J. Deachman, and
the Canadian Council of Agriculture,
by A. E. Darby, both opposed the ap-
plication for increased duties.

Ottawa, June 16.—Imported shirts
were torn between the fingers and im-
ported blankets were pulled easily into
pieces before the Tariff Board at a ses-
sion here yesterday afternoon by P. J.
Campbell, manufacturer of flannels,
Almonte, Ont., to show the nature of
some importations. Mr. Campbell,
in seeking an increased tariff, also sought
to have standards established which
would make it impossible to sell in-
ferior fabrics for work shirts and flannels.

Manila, June 16.—G. F. Paton, acting
British consul at Vladivostok, and
a party of six Britishers expelled from
the city June 6 have arrived here
on a freighter. They will await orders
from London.

Britishers Expelled From Vladivostok Arrive at Manila

Manila, June 16.—G. F. Paton, acting
British consul at Vladivostok, and
a party of six Britishers expelled from
the city June 6 have arrived here
on a freighter. They will await orders
from London.

Sir J. A. Macdonald Memorial Planned

Kingsport, Ont., June 16.—General A.
E. Ross, M.P. for Kingsport, has sent
a circular to Conservative members of
the country, asking for subscriptions
for the erection of a Sir John A. Mac-
donald Memorial in Ottawa, and to
build, in the capital, a home for the
present and future Federal Conservative
Party leaders.

POSTAGE INCREASE REJECTED

Berlin, June 16.—The Government's
attempt to increase the Federal reve-
nue by raising postal rates was rejected
by the Reichstag yesterday by a vote
of 176 to 173. Opposition speakers
chided the Minister of Posts and
urged him to go to America and see
how a letter could be carried through
the domestic mails for 2c. The Ger-
man Government proposed to increase
the rate of 2½ cents to 3½ cents.

CORNS

Lift Off—No Pain!

Doesn't hurt one bit! Drop a little
"Freezone" on an aching corn, instan-
tly that corn stops hurting, then shortly
you lift it right off with fingers.
Your doctor sells a tiny bottle of
"Freezone" for a few cents, sufficient
to remove every hard corn, soft corn,
or corn between the toes, and the foot
calluses, without soreness or irritation.

HELD BY CHINESE.—Mrs. Borodin, wife of the chief Soviet ad-
viser to the Hankow government
in China, who was arrested at
Pukow charged with being in pos-
session of Chang Chung-Chang's
military secrets. She is awaiting
trial.

NEW NATIONAL PARK IN SASKATCHEWAN

Ottawa, June 16.—This Summer will
see the beginning of a comprehensive
scheme of development of Prince Al-
bert National Park and the newly-
appointed acting secretary, J. A. Wood,
will take over his duties this week.
He obtained his experience in national
park administration work at Banff.
His headquarters will be on the Mon-
treal Lake.

Prince Albert National Park, con-
sisting of the former Sturgeon Forest
Reserve and certain lands contiguous
to it, was established by order-in-
council March 27 last. It is the first
large reservation of its kind in the
province of Saskatchewan and con-
tains some of the choicest scenery in
those parts. There, as in all Canadian
national parks, game protection and
conservation of wild life in general is
part of the policy pursued by the
Government. Hunting and trapping
are strictly forbidden.

The new park is situated almost di-
rectly north of Prince Albert and may
be reached by road from that city, the
distance from the southern boundary
to the city being about thirty miles.

Return of Control of Saar Valley to Germany is Urged

Geneva, June 16.—Early return of
the Saar Valley to Germany without
awaiting the plebiscite set for 1935 is
demanded in a memorial handed to
Foreign Minister Stresemann of Ger-
many to-day by a delegation repre-
senting political groups in the dis-
trict.

The memorial asks the League of Na-
tions Council to take the initiative in
restoring the valley to Germany and
"thus advance the economic interests
of the Saar, which suffer from the ex-
isting political status."

Kootenay Power Scheme Discussed

Nelson, B.C., June 16.—Hearing by
the water rights board of investi-
gation of the West Kootenay Power and
Light Company to store 678,500 acre
feet of water in Kootenay Lake through
the construction of a regulating dam
at Granite, four miles below Nelson
on the Kootenay River, which would
have the effect of raising the low water
level of the lake six feet, was ad-
judged yesterday, after all interests
had been heard, to a date and place
to be determined.

Objections were filed on behalf of re-
clamation interests on the Kootenay
Plains and in the State of Idaho, which,
it was stated, were protective in in-
tent and might be withdrawn.

A round table conference was held
yesterday afternoon between repre-
sentatives of the company and all the
interests affected.

SEATTLE BOY WAS DROWNED IN LAKE

Seattle, June 16.—The body of Leon-
ard Clinton, nine years old, was found
in Lake Union here yesterday.
He apparently was drowned when he
slipped and fell into the water Wednes-
day afternoon from a barge on which
he was playing with four other boys,
including his brother, Gordon, eight.
The others noticed Leonard's absence,
but thought he had tired of playing
and had gone home. When he failed
to return home at night a search was
started by harbor police. The other
boys said they had heard no splash or
outcry, but had turned around and
noticed Leonard was gone.

The drowned lad was the son of Mr.
and Mrs. J. Clinton.

AGED COUPLE ENDED LIVES

Spokane, Wash., June 16.—Their
three score and ten years fulfilled, Mr.
and Mrs. McEwen ended their lives
together in their little home here,
probably about a week ago, police be-
lieved. Their bodies were found yester-
day by a neighbor who investigated
after he had not seen them about the
place for several days. A note indicat-
ing a suicide pact.

DISTINCTIVE ENSEMBLE COSTUMES

On Sale Friday at
HALF PRICE

Ten only, Beautiful Ensemble Cos-
tumes have been greatly reduced
in price for a quick clearance
Friday. The colors include sand,
wine, tango, Saxe, fawn and
reseda green.

The tailoring, trimming and fab-
rics are of the highest order and
at half price they are indeed a real
bargain.

SEATTLE ROBBERS ESCAPED WITH \$90

Seattle, June 16.—Two neatly dress-
ed men late yesterday quietly held up
John Francis, office manager of the
Pacific Fruit and Produce Company,
within 100 yards of his office on a
downtown street here and robbed him
of \$40,000 in cheques and \$90 in silver
without being noticed by passersby.

The daring robbery, which police be-
lieve was made on a carefully laid plan,
will cause the firm practically no loss,
as the cheques were not negotiable,
according to Francis.

MUNICIPAL UNION VOTE

Vancouver, June 16.—Providing a
uniform ballot is submitted through-
out the three districts which shall
provide that final approval of the amal-
gamation bill shall be given by the
electors, and that no municipality
shall otherwise be bound, the Point
Grey Council last night agreed to sub-
mit a fusion plebiscite on June 25 in
conjunction with Vancouver and South
Vancouver.

ESTATE IS DIVIDED

Vancouver, June 16.—The Martineau
Hotel here, valued at \$130,000, was the
chief asset of the estate of the late
Charles Free, brother of T. A. Free. The
gross value of the estate was \$148,000,
but claims of \$33,000 by T. A. Free
and of \$41,000 by the Royal Bank
together with smaller liabilities,
reduce the net value to \$74,000. The
brother and two sisters, Mrs. Sarah
Brooks, Ottawa, and Mrs. Ethel Halpin,

Quality Alone Wins Favor

A letter received from the head of
a family resident in this city says
they have used evaporated milk 19
years and to-day the whole family,
from choice, constantly use
Pacific Milk because of its greater
richness and flavor. It takes whole
milk preserved in all its purity and
strength to win commendation like
this.

THE CONSERVATIVE LEADERSHIP

TORONTO NEWSPAPERS THESE DAYS are entertaining themselves by collecting the arguments in favor of several prominent Conservatives who are supposed to be in the running for the leadership which is temporarily held by Hon. Hugh Guthrie. They note that Mr. John R. MacNicol, president of the Dominion Conservative Association, has just made a tour of the Prairie Provinces to find that Alberta is solidly behind Hon. R. B. Bennett and that Manitoba can not see anybody in front of Hon. Robert Rogers. But they know also that Quebec already has glued the leadership label on to the back of Mr. C. H. Cahan, while Conservatives in the Maritimes are casting inquiring glances at Hon. E. N. Rhodes. Then, The Toronto Globe—noting that any suggestion beyond Hon. G. Howard Ferguson is unthinkable in Ontario—hears that scattered here and there through the East are rooters for Hon. Mr. Guthrie and Right Hon. Arthur Meighen.

All this suggests that the Conservative Party is playing the same old game of trying to choose a leader on sectional lines. Toronto thinks that the Premier of Ontario ought to have the position without question. Montreal Conservatives might be persuaded to accept this view if they could be allowed to draw up the platform. But the West is not asleep. It is demanding a leader who can see all Canada and have the courage to do the right thing for the country as a whole, and not dance to the tune which a few selfish interests in Central Canada will call every time they get the chance. This situation, of course, is not new. It is merely a fresh outbreak of the malady which always has made it impossible for the Conservative Party of this country either to preserve agreement in its own ranks or frame a policy entitled to be called national.

PERSUASION MAY SUCCEED

IT SEEMS WISE FOR THE STATESMEN of Europe to avoid any course that would give Soviet Russia more excuses for pursuing her stupid way to the myth of world revolution. There is no particular need to fear Russia; but there is much to be gained by following the Locarno policy in the hope that the authorities in control at Moscow may be shown that, while their propaganda is causing a considerable amount of unrest in various parts of the world, Russia eventually will be the principal sufferer. If, as is now being suggested, Dr. Stresemann can convince M. Tchitcherine that such must be the case, it will be much better than a joint warning that would sure to be misinterpreted by Russia's radicals. A nation of 150,000,000 people can not be ignored as if it did not exist; on the other hand its good behavior is something very much to be desired.

Talk of Russia preparing for a war is not being taken seriously by observers on the spot. Some of the gestures from Moscow will be militant and a little redder than usual until the excitement prevailing at the moment has died down; but it must not be forgotten that the man with the poorest case usually shouts louder than anybody else. Russia has been and still is extremely foolish and, unhappily, it is taking a vicious form just now; at the same time it will be no flattering advertisement for modern diplomacy if the level-headed statesmen who were responsible for the Locarno pacts can not find a way of turning Russia into a more profitable and peaceful way of conducting her business with the rest of the world. Mankind is demanding peace. Bolshevism and Fascism are menacing it. Even if a few diplomatic hairs are ruffled in the process, peace ought to be insured; the preservation of national dignity is essential at all times; but other values should be recognized.

THEY PREFER GENERALITIES

WHILE MR. POOLEY IS ACCUSING the Minister of Lands of inconsistency in respect of his Department's policy towards the intricate irrigation problem in the Okanagan Valley, might it not be well for the member for Esquimalt to remember that at the 1925 byelection in North Okanagan Conservative speakers strongly advocated that the public of the Province at large should take over all the main ditches and reservoirs? But they changed their tune during the recent contest and Dr. Tolmie demanded an impartial inquiry into the whole situation. This is what the Government intends to do now that the thorough investigation which the Department has been carrying on has resulted in the collection of a vast mass of information that will be essential to a full and adequate inquiry.

It has become a habit with Conservative speakers in this Province to fight shy of facts and figures when they do not suit their purpose—as they often do not—and indulge in generalities which may sound plausible but usually are worth considerably less than the time spent on them. Like Dr. Tolmie, Mr. Pooley tells

nobody what, for instance, he would do with the Pacific Great Eastern Railway system; he almost ignores the one public issue the handling of which is of vital concern to the taxpayers of British Columbia. This piece of property is an incubus at present—it may not always be an incubus—which makes all the difference between a profit and a loss in the trading account of this Province. But to deal with the question on the public platform would require a fair amount of constructive thought. This is only rarely included in the Conservative method of discharging the duties of an Opposition party.

A JOB FOR THE CHAMBER

IT IS TO BE HOPED THAT THE CITY Council will not go through with its proposal to advertise for an official to take charge of post development schemes here. Such a course might provoke ridicule and the Council itself would find it difficult to make a suitable selection.

For the collection of information about our industrial possibilities the services of the Chamber of Commerce can be employed. That organization is familiar with the situation in all its aspects. Mr. Pneco has started us in the right direction. The Chamber surely should be able to continue the work satisfactorily.

FROM SEED TO TREE

NOT ONLY DO "GREAT OAKS FROM little acorns grow," but trees as large as any oak that grows may originate in a seed which weighs only the one-thousandth part of the weight of an acorn. The Sitka spruce, a tree of Canada's western sea-coast, attains a height of 160 to 180 feet and a diameter of 8 to 12 feet; but the seed from which it springs is so small that it takes 300,000 of them, or even more, to weigh a pound. Seed of the western cedar, so well known as the source of shingles, has about the same weight. The seed of the Douglas fir, the largest tree in Canadian forests, weighs about one forty-thousandth of a pound.

The white pine, once the standby of the eastern lumberman, and still the choicest wood in the eastern forest, commences as a little seed weighing about 26,000 to the pound, and may grow to a height of 100 to 150 feet and a diameter of 30 to 40 inches. The white spruce, the tree used in greatest quantity by eastern lumbermen and pulp manufacturers, starts life as a seed which takes 120,000 to make up a pound weight.

In order to give an idea of what this means, comparison may be made with some more familiar vegetable and weed seeds. The seed of the Sitka spruce or western cedar would weigh about as much as two dandelion seeds, about the same as a single seed of the carrot, chickory, or black mustard, and less than a single seed of garden cress or onion.

For several years the Forest Service of the Department of the Interior has carried on the work of collecting tree seeds of western species—a work begun largely at the suggestion of the British authorities who are undertaking reforestation of lands in England and Scotland. Besides a large seed-extraction plant in the City of Vancouver, at which large quantities of seed collected from forests in all parts of British Columbia are extracted, three smaller ones are maintained in the Prairie Provinces (at Rocky Mountain House, Alberta, and at Indian Head and Prince Albert, Saskatchewan) to supply seed for experimental and reforestation work in the forest reserves and elsewhere.

In the year 1926 about 11,000 pounds (five and a half tons) of seed was obtained from these different establishments. Of this quantity about 1,500 pounds was Sitka spruce seed. A little arithmetic will show the possible number of trees that may spring from this quantity of seed. Over three tons (more precisely, 6,400 pounds) of western yellow pine seed, 1,700 pounds of Douglas fir seed, 500 pounds of western cedar, about the same quantity of white spruce seed, and 151 pounds of jack pine seed were also produced. Much of this seed is destined for use in reforestation work in the British Isles. New Zealand also has taken a large quantity of the seed of Canadian trees for her reforestation work.

WHAT OTHER PAPERS SAY

NATIONAL JEALOUSIES
From Quebec Action Catholique (Ind.)

They are trying at present at Geneva to assure "economic peace and the security of peoples." There is only one way of making sure of both, and it is not a new way, although they hardly appear to concern themselves with it at Geneva, and this is to work, as Christianity did in its flower, to destroy the egoism of nations at the same time as that of individuals. Are there not many who are generous enough when it is a question of individuals, but who develop a ferocious egoism when it is a question of nationalities? And do there not exist in our days people who exploit not only individuals but also nations?

NEW YORK'S PART
From The Boston Post

The tumultuous indignation in New York over the plan to land Lindbergh in Washington that the president may welcome him home in the name of the nation verges on the humorous.

"Where does Washington come in?" splutters the head of the citizens' welcome committee of New York. "What did the government do for Lindbergh? Did Washington give him any money or help him out in anything? Where do they fit, anyway?"

But if material aid is to be the test of precedence in this matter of welcoming the nation's hero, what did New York do for him, beyond giving him a place to jump off from and selling him four ham sandwiches?

A THOUGHT

Whatsoever a man soweth, that shall he also reap.—Galatians vi. 7.
As thou sowest, so shall thou reap.—Cicero.

Do You Mean What You Say?

"FRONT AND CENTER"

Nowadays we often hear the call "front and center" used when someone in authority wants another to appear before him. It is adopted from the army command of the same wording. At a military review, for example, the commanding officer may order, "Captains, front and center," whereupon the captains step forward from their posts, walk to the center of the line and then advance to positions before the commanding officer for instruction.

Canadian Questions and Answers

NOVA SCOTIA

Q—What is the history in brief of Nova Scotia?

A—Nova Scotia was the first country discovered on the mainland of the North American continent. Cape Breton Island was the landfall of Cabot, who came seeking new lands for "Kynge Henry of England" a year before Columbus touched on the continent. But this maritime Province had been in the path of ships and sailors before that. The Sagas of Iles, son of Eric the Red, tell of the pleasant southern coast, the smooth beaches of white sand and the abundance of game and wild fruits as long ago as the year 900. It is the first stop on the continent and to this day its long and stormy history. The power which held Nova Scotia could and did hold the continent, and France and England fought bitterly for its possession over a period of one hundred and fifty years.

JOTS FROM GEOGRAPHY

BOMBAY, INDIA, is one of the world's important ports. The city occupies the whole of an island bordering the same name on the northwestern coast of India. Bombay is the home of the Parsis, descendants of the ancient Persians, who expose their dead to be stripped by vultures. The city has many fine buildings and schools, and is modern in most respects. The giant docks located here cover more than 200 acres of waterfront, and the biggest ocean steamships anchor in the port.

CONFEDERATION AND AFTER

Sixty Years of Progress

NO. 24

SIR WILLIAM OSLER

Canada has been blessed in many brilliant sons, but none has done more for humanity than Sir William Osler. Vivaldi at so many points as Osler. His chief value was as a stimulator of scientific inquiry. He found his profession relying too much on guesswork. He set his face against that, and he was a great success. He made few discoveries, but he trained many of the laboratory experts, and so dominated the medical world. It is said there was hardly an important move made without his being consulted. He refused to enrich himself by general or special practice, but remained free to keep in touch with the whole situation; and Dr. Harvey Cushing said: "No man in the history of medicine touched the profession more fully than Sir William Osler."

He was born at Bond Head, Ont., July 12, 1849, the son of an Anglican missionary. He attended the Victoria Grammar School and Trinity College School, Weston, going on to the University of Toronto, from which he graduated in 1870. After two years at the Montreal General Hospital he was ready for post-graduate study in Edinburgh. In 1874 he was appointed to the staff of McGill; and his character is shown in his position by the fact that he remained at a whole year to pay for twelve microscopes that his pupils needed and the university was then too poor to buy. In 1878 he was appointed to the Montreal General Hospital, continuing also his college duties until appointed Professor of the University of Pennsylvania in 1884. He was thirty years old, and his training complete, when he left Canada for wider work.

From 1889 to 1905 he was head of the Johns Hopkins Hospital, Baltimore, and organized their Medical School. There, in 1891, he wrote his masterpiece, "The Principles and Practice of Medicine," which retained its place as the standard publication resulted in the establishing of the Rockefeller Foundation. In 1905 he accepted the Regius Professorship of Medicine at Oxford, a position he retained until his death in 1919, inspiring the whole world of medicine, and personally directing a large part of its progress.

His interests were wide. Besides writing his many medical books, he enriched literature by several volumes, and took great pride in his appointment as a member of the famous Bodleian Library.

He was the recipient of every honor that could be conferred upon him. Yet he was no more proud than that of "the Young Man's Friend" which he earned early and continued always to merit. In two volumes, "The Principles and Practice of Medicine," he could only skim over his activities and achievements; but on every occasion gave the credit for his success to his early teachers—W. A. Johnson, Dr. James Bovell of Toronto and Dr. Palmer Howard of McGill. Uniting and unselfish, with all his scientific attainments, he remained simple and sincere. To the wealth of his teaching he added the weight of his example. His own life was a masterpiece of self-control, and through them, the benefits resulting from Osler's life pass to mankind daily.

Other People's Views

Letters addressed to the Editor and intended for publication must be short and to the point. The Editor reserves the right to shorten the length of articles, and to reject or to return to the writer. The publication or rejection of articles is a matter entirely at the discretion of the Editor. No responsibility is assumed by the paper for letters submitted to the Editor.

CIVIL SERVICE OF CANADA

To the Editor:—The report of the Civil Service Commission of Canada for 1926 has just been issued. It is well worth careful perusal, and will prove an eye-opener to many. It contains a report with those of the last decade, the reader sees the marvelous progress the Dominion has made in that period. It immediately preceded, a war that called to the front more than 300,000 of our young men. The report shows that the commission held 1,500 examinations for positions in the Dominion, or an average of 125 per month. By these examinations no less than 15,000 men and women qualified to take official positions in the Dominion. The writer well remembers the time when no qualification test was required of those seeking office under the Government. The report shows that examinations were added to those of former years to qualification for candidates for new positions. Ap-

points, promotions and transfers were made by the commission as the government departments needed. This fact is not generally known, that the commission makes no appointment, promotion or transfer without the concurrence of the department, and the department makes none without the approval of the commission. They both are loyal and true to each other, and consequently by this lubricating oil of humanity the machinery runs smoothly, and the best possible, appointees are selected for the Government to serve the country. Their motto seems to be "Canada first, and self last, if at all."

"When self the wavering balance shakes."

It is rarely right adjusted."

Preference in entrance examinations has been faithfully given by the commission to veterans of the Great War, as well as preference in appointments to government offices. This is clearly seen by the fact that of the 1,941 appointed to permanent government positions, 725 were ex-service men, and of the 2,156 assigned for temporary employment 934 were ex-service men. Although I have been for many years, before the war and since the end thereof, presiding examiner at Civil Service Commission tests—examinations for those aspiring to government positions, I have yet to hear the first murmur by a civilian against an ex-service man being appointed to any position. I make this statement, not because it is true, but particularly because it reflects much credit on the men who were not overseas.

Not, however, infrequently men are placed in vacant positions before they passed the qualification, and continue to act for a considerable time before the commission is advised to fill the position by open competition. It requires no great intelligence to see that, when a permanent appointment is about to be made, the temporary incumbent has an unfair and unjust advantage over the other competitors, and it should be abolished, for it is an irritant to those looking for office or employment, and gives strong ground for charging the government with patronage and partiality. The commission has always urged that a vacant position should be filled with permanent appointment as early as possible, and avoid the necessity of temporary appointment.

No doubt the Government departments and the Civil Service Commission are doing the best possible under existing conditions. The steady improvement year by year has to-day placed Canada as to Constitution, laws and administration, among the best in the world.

I may be-and by a birdseye view of the interesting statistics appended to the report.

J. CAMPBELL,
"Breadalbane," Victoria, June 14, 1927.

RE THE WEEKLY HALF HOLIDAY

To the Editor:—About 2 p.m. yesterday I was passing one of our prominent stores. A motor car had just pulled to the curb, and several ladies had alighted. They evidently were from the United States judging by the car and license plate. They tried the door but were unable to obtain admission. One lady turned to me and asked, "Do they close at lunch time here?" I told her Wednesday was a half holiday in Victoria, to which she responded, "I always heard Victoria was dead, now I know it. We came here on purpose to get certain things which we are allowed to take over the border to the value of \$100. Now we must go without them."

To me it seems so foolish for business men to say things as are true. No business; when in this one instance which I have quoted, business came to this particular store, but they refused it. They were forced to lock up by a fool law making it illegal to sell on Wednesday p.m. The sooner this law is rescinded the better for the business people in our city.

I do not wish any person to infer that I would deprive any of their holiday, as a few employees could take one day and some another, and still be open for business.

It seems that we invite tourists to come here, in fact spend money in advertising Victoria, then shut the door in their face.

AT THE THEATRES

EARLY CALIFORNIA
DAYS FEATURED IN
COLUMBIA PICTURE

An historical background has been given to Fred Thomson's latest starring vehicle for F. B. O., "Don Mike," which is showing at the Columbia Theatre. The story is redolent with the spirit of the old West, of California in the days when she had just been acquired from the Spaniards by the United States. A number of famous characters of that period figure prominently in the big moments, among them General Fremont and his troops. This particular era is a happy choice for the star as it affords him plenty of opportunity to display his unequalled horsemanship, and gives Silver King an excellent chance to show his superb ability. The story is from the pen of Frank M. Clifton, who is responsible for a number of the Thomson successes. The continuity was written by Lloyd Ingraham, who

Where To Go To-night

Capitol—"McFadden's Flats."
Columbia—"Don Mike."
Playhouse—"The Mine With the Iron Door."
Variety—"The End of the Road."
Coliseum—"Oh! What a Dream."
Crystal Garden—Swimming and Dancing.

is also credited for the very intelligent direction of this production. The cast includes such favorites as: Ruth Clifford, Noah Young, Albert Prisco, William Courtwright, Tom Bates, Norma Marie and Carmen Le Roux.

MUSICAL NUMBERS
ARE ATTRACTIVE
AT THE COLISEUM

Attractive musical numbers are featured in "Oh! What a Dream," the stage offering this week at the Coliseum. Nixon and his Black Bottom dancers are making a real hit at the Coliseum this week.

On the screen is "Wedding Bells." Many a man who now sits behind a mahogany desk boasts that he was once a newboy. It wasn't many years ago that Raymond Griffith, star in "Wedding Bells," said "The Saturday Evening Post" in the streets of Boston. Since his parents believed that a young man should learn the value of money, when Ray wanted to sell papers, they let him.

"It's the greatest experience a boy can have," Griffith replied. "It makes him take pride in keeping clean and selling his product on its merit and name." He further pointed out that it makes a boy independent, develops his initiative and his ability as a salesman.

MARY CARR HAS WON
GREAT REPUTATION
AS SCREEN MOTHER

Mary Carr, who is seen as Mother Burton in Harold Bell Wright's "The Mine With the Iron Door," a Sol Lesser presentation, has a world-wide reputation as "the greatest screen mother." Her first great success was "Over the Hill," she has one of her strongest "mother" parts in "The Mine With the Iron Door," which will be seen at the Playhouse Theatre this week.

VARIETY PICTURE
TEACHES LESSON
IN FRANK MANNER

Those who believe ignorance is bliss should see "The End of the Road," now being presented by Canadian Social Hygiene Council at the Variety Theatre. The Rev. C. E. Jenkins, of the "Thou Shalt Not," needs to be pressed home. "The End of the Road" is a direct frank, straightforward warning.

THE END OF THE ROAD

NONE UNDER 16 ADMITTED

AT THE CAPITOL

CHARLIE MURRAY

star comedian in "McFadden's Flats," the big comedy feature at the Capitol.

a necessity." He heartily recommends its presentation.

CHARLIE MURRAY AND
CHESTER CONKLIN IN
LAUGH MAKING TEAM

Charlie Murray, whose original stage success was attained while teamed in the Murray & Mack combination for nearly twenty years believes that he has found another great partner in the laugh-making Chester Conklin.

The two will be seen together for the first time in the leading roles of "McFadden's Flats," the comedy feature soon to be seen at the Capitol Theatre. Edward Small of the firm of Asher, Small & Rogers is responsible for bringing together the two celebrities whose individual efforts have been responsible for so much entertainment in the past.

Early showings of the picture in Hollywood resulted in many predictions that the two would become one of the famous film affluents of the screen. The stage attractions at the Capitol Theatre for this week include Elythe Fletcher, a very dainty danseuse, in a novelty offering; Hazel Thorpe, harpist supreme, late of the New York Symphony, the Mark Strand Theatre, and for the last six years has been associated with the Coliseum Theatre. Symphony Orchestra of Seattle. The featured presentation offers "Grand and Bates," a comical colored team, which, according to advance reports, is nothing short of a riot of laughter.

BRITISH FILM
AT THE DOMINION

"THE FLAG LIEUTENANT"

a typical British naval officer, as given by Henry Edwards in the title role of this great film.

NAVAL SEAPLANES IN
ACTION IS THRILLING
EPISODE IN PICTURE

Besides being "thrill-week" at the Dominion next week it is also real "entertainment-week," too, as judged by the crowds. Many thrilling and hair-raising moments are experienced. To see the actual work of rushing a flight of naval seaplanes off to the scene of action, and to watch them send their deadly bombs down on the hordes of natives besieging a hard-pressed British regiment in a fortress

No More Piles

Thousands Bless Dr. Lehnardt, the Physician Who Discovered This Common Sense Remedy

If you think that the surgeon's knife is the only method of escape from the misery of piles, it's because you haven't heard of the new treatment known as Dr. Lehnardt's HEM-ROID.

This Doctor's treatment is internal. By experimenting, he discovered the cause of piles and then went further and compounded a remedy that would remove the cause.

Every pile sufferer should benefit by his discovery and so, MacFarlane Drug Co. and all druggists are authorized to sell HEM-ROID with guarantee that it will do as stated or money back.

On that honorable basis every sufferer should secure a package of Dr. Lehnardt's HEM-ROID 15-day.

on a rugged hillside is one of the stirring features of the gigantic British film production, "The Flag Lieutenant," which was produced with the direct co-operation of the British Admiralty.

This episode in the picture is a sight worth seeing in itself. You are actually taken up in the seaplanes with the camera so that you can feel the thrill of setting loose the bombs, and watch their effects far down below. The urgency of the need is so tense and so exciting that here you get all the thrill of being in the battle yourself. And it's done with that essentially British sang-froid that keeps Britain's fighting heroism from ever being cheap and melodramatic.

OAK BAY ROSE
SHOW JUNE 25

Annual Exhibition to be Held at Crystal Garden

The Oak Bay Rose Society will hold its annual exhibition in the banquet hall of the Crystal Garden on Saturday, June 25, under the patronage of Lieutenant Governor R. R. Bruce. Helen Mackenzie, Lady Barnard, Mrs. W. C. Nichol, Mrs. R. P. Butchart and Mrs. H. R. Beaven. The exhibition will open at 2 p.m.

The list of competitions will be as follows:

Inter-city Competition: Seattle, Victoria, Vancouver—Twenty-four blooms, exhibition roses, distinct varieties. Grown in open by amateurs and judged under National Rose Society rules.

FOR NURSERYMEN

Representative group of roses, to be exhibited in vase on staging.

Bowl of cut roses, arranged with foliage only. Plants must be grown in field only.

Basket of roses, not less than eighteen blooms. May be grown under glass.

FOR AMATEURS

Exhibition roses, twelve blooms, distinct varieties.

Exhibition roses, six blooms, distinct varieties.

Garden or decorative roses, twelve blooms, distinct varieties.

Garden or decorative roses, six blooms, distinct varieties.

Best selection of buttonhole roses, six blooms, distinct varieties.

Six blooms of new roses, placed in container and distributed since January 1, 1927.

Six vases of decorative roses, distinct varieties, not more than two stems to each vase. (Small buds may be left on stems.)

Three vases of decorative roses, distinct varieties, not more than two stems to each vase.

One vase single rose, twelve stems, one or more varieties.

One vase single roses, six stems, one or more varieties.

One vase single roses, three stems, one or more varieties.

Bowl of cut roses, arranged with rose foliage only. Grown by exhibitor in open.

Basket of roses, not less than twelve stems, of one or more varieties, shown with rose foliage only.

Three white or cream roses, in vases, one or more varieties.

Three yellow roses, in vases, one or more varieties.

Three pink roses, in vases, one or more varieties.

Three red roses, in vases, one or more varieties.

Three roses of any other color than specified in preceding four classes, one or more varieties.

Champion rose in show. Exhibitors are invited to enter in the class specified in preceding four classes, one or more varieties.

The judge may select the premier bloom from any exhibit in any part of the show.

Decorative dining table (table 6 feet by 3 feet), roses and rose foliage only. White tablecloth only to be used, to be supplied by exhibitor.

Decorated dining table (table 6 feet by 3 feet), any kind of flowers and foliage and other decorations permitted.

The officers of the society are as follows: President, R. H. Beaven; committee, Judge Lampman, Dr. W. P. Walker, J. V. Scrivener, C. J. Prior, J. W. Forsyth, New Westminster.

G. Fortin & Sons, Spelling, G. W. Gellert, New Westminster.

G. W. Gellert, New Westminster.

MOVIE GROUP GOES
TO PAMIR MOUNTAINS

Tashkent, Turkistan, June 16.—A Soviet motion picture expedition has started for the Pamir Mountains to film the practically unknown life of that region.

The caravan carrying the expedition plans to travel a thousand miles by mountain paths, crossing the whole of the Pamir region and following the boundaries of China, India and Afghanistan.

A particular effort is to be made to photograph a tribe inhabiting the mountains of the Western Pamirs who are said to be descendants of troops of Alexander the Great, lost during his advance on India.

Langford

Langford, June 16.—The programme of the Langford district flower show, which will be held on August 18, can

now be had by applying to the Women's Institute secretary. A baby show has been arranged, for which special prizes are offered. The programme includes prizes for flowers, canned fruit and vegetables, eggs and butter in the dairy section, bread and cakes and all kinds of plain and fancy needlework and embroidery. The children's entries include cooking, fancy work, darning, drawing and making bird houses and flower pots.

The Tacoma golf professional, Ray Ball, accompanied by Mrs. Ball and other friends arrived yesterday to take part in the Pacific Northwest golf tournament at the Colwood links. They are staying at Dr. W. Russell's bungalow on Langford Lake.

P. H. Le Queune of Goldstream Road

has left on a business trip to Vancouver and Calgary.

The church service on Sunday, June 19, will be held at 7 p.m.

Mr. and Mrs. A. Shepherd from Vancouver, who are taking part in the Pacific Northwest golf tournament at the Colwood links, are staying with Mrs. Henry Pike, Goldstream Road.

Mrs. Turnbull and children from Seattle have taken Camp Kewpee at Langford Lake.

Sooke, June 16.—After an illness Hugh Campbell died at his home at

Sooke Lake on Monday, June 13, where he resided with his son William. Another son, Alex, is a well known Sooke resident. The funeral will be at Ross Bay on Thursday.

The Misses Throup, Helgesen, and Locke have gone for a holiday outing and intend to pick berries at Keatings.

Sooke Lake on Monday, June 13, where he resided with his son William. Another son, Alex, is a well known Sooke resident. The funeral will be at Ross Bay on Thursday.

CLUB
NEWSGARDEN PARTY HELD
AT RIDEAU HALL

3,000 Guests at Function
Given by Governor-General
and Lady Willingdon

Ottawa, Ont., June 16.—The first social event of the summer season was a brilliant one—a garden party given at Rideau Hall and attended by 3,000 guests. Her Excellency wore a smart gown designed on severe lines and fashioned of pearl grey crepe satin. She wore pearls and diamond ornaments and her hat was a large model of azure blue.

Most of the ladies courted, the grace of the gesture depending on their knowledge of courts or their practice of the gesture before a mirror. The interest that Her Excellency takes in the arrangements for the entertaining at Rideau Hall was evidenced in the securing of the "Troupe de Bytown," who during the party performed a variety of old French-Canadian folk songs.

The sport costume, the popular dress of the present, gave way to lovely and dainty gowns and large drooping hats and vivid parasols, that are so typical of formal summer social events. The shades revealed those of the tulips in the garden, the soft pinks and blues and orchid tones being chosen by many of the fair sex. All white costumes were noticed here and there, but the most striking ensembles were those touched with vivid crimson and the smart black and white of the present mode.

TO SPEAK IN CITY

Mr. C. P. Hill, convenor of the Diamond Jubilee Ball Committee, now making plans for a brilliant function to be held at the Empress Hotel on the evening of July 1, will be the speaker on the city's series of radio broadcasts from station CFCF at 7:35 p.m. to-day. Mr. Hill will deal with the Diamond Jubilee Ball plans.

Mr. Leon Ladner of Vancouver is a visitor in Victoria.

Mr. James Lawson of Vancouver is in Victoria for a few days on business.

Mr. and Mrs. D. Donaghy of Vancouver are visitors in Victoria and are guests at the Empress Hotel.

Mrs. Gordon Evans was hostess at a bridge party of three tables this afternoon at her home on Epworth Street.

Miss Elise Oliver, of Elford Street, is visiting for a few weeks with friends at Comox.

The Misses Nicol of 307 Moss Street have as their guest their aunt, Mrs. Isabel Ross of Toronto.

Mr. A. O. MacRae of Vancouver is visiting in Victoria as the guest of Mrs. Gaudin, Fort Street.

Dr. W. T. Barrett, Douglas Street, returned to Victoria this morning from a short business trip to Vancouver.

HATLEY PARK FETE
DREW RECORD CROWD

Nearly 1,500 Visitors to Florence Nightingale Chapter I.O.D.E. Affair Yesterday

The beautiful gardens at Hatley Park were the rendezvous of nearly 1,500 visitors to the city and residents of Victoria yesterday afternoon when the Florence Nightingale Chapter I.O.D.E. held its annual garden party at the kind invitation of Mrs. Duns-muir. The affair opened at 10 o'clock in the morning and soon after that hour a steady stream of tally-hos and private cars wended their way from town, through the countryside with its hedge-rows of golden broom, to Hatley with its lovely grounds bathed in the bright June sunshine.

NETTED ABOUT \$500

Mrs. F. J. Hall, the regent, acted as general convenor of the affair, which netted about \$500 for the funds of the chapter, to be used in its patriotic and philanthropic undertakings.

After wandering through the various lovely corners of the estate, including the Japanese garden, the formal Italian garden, the wild corner, and visiting the extensive dairies and stables, the visitors regaled themselves with tea, which was served under the direction of Mrs. Harry Catterall, assisted by Mrs. Nightingale, Mrs. A. B. Hudson, Mrs. E. A. Harrison, Mrs. Hyslop, Mrs. Waugh, Miss Jones, Mrs. Vickers, Mrs. R. Smith, Mrs. Eve, Mrs. Downes, and Mrs. Hammerley. The tea was served by Mrs. McAllister and Mrs. Oliver and Mrs. Jones. Mrs. Lillie had charge of the punch, assisted by Mrs. Webb and Mrs. Fry.

PUPILS DANCED

The pupils of Mrs. Gaskill gave a programme of dainty dances on the lawn, as follows: Minuet, Vivien and Patricia Pennock, Alina Barclay, Agnes Kennedy, Barbara Pollard, Iris Donovan and Lillian Brown; Russian dance, Dina Pastor, balloon dance, Iris Gas-din and Iris Donovan; garden dance and basket dance, in which the following took part: Christine Schmidt, Barrie Taylor, Tanya Gaskill, Lorna Purpel, Thelma Potter, Thelma Richardson, Peggy Bentley and Dina Pastor; nature dance, Agnes Kennedy; butterfly dance, Edna Davis, Dora Curtis, Margaret Taylor, Dulcie Hamlet and Iris Donovan.

Mrs. Gregson, Mrs. J. Clark and Miss Gregson sold home-made candy. A competition, in charge of Mrs. Baylis and Mrs. Moggy, was one of the popular features, and the silk set was won by Miss Irene Hayhurst with ticket No. 899.

Teasup reading was in charge of Mrs. Smith and Mrs. de Blaquiere. Mrs. Kyrie Symons, Mrs. Stewart and Mrs. Litchfield were at the gates, and the tea tickets were taken by Mrs. Baker and Miss Maynard.

The chapter is grateful to David Spencer Limited for the use of an Orthophonic for the dancing.

ten-bid. Mrs. Offerhaus was in receipt of customs.

Mr. Ronald Jackson, son of Mr. and Mrs. B. B. Jackson, returned to the city yesterday after an absence of fifteen months, during which he has practically earned the world. Mr. Jackson left last year for England, where he studied art at the Slade School and at Heatherley's Art School in London for some months, later proceeding to Paris and Italy to study his studies. From Europe Mr. Jackson proceeded home via the Suez and the Orient, arriving from China yesterday.

A very pleasant evening was spent at the home of Mr. and Mrs. J. Weinberg, 532 Manchester Road, on Tuesday, when a number of friends called to celebrate the birthday of their daughter, Annie. The rooms were daintily decorated with pink and blue streamers, and flowers to tone. The invited guests were: Helen Misses Oilly, MacLaughlin, Helen Weinberg, Jean Bailey, Dot Shopland, Phoebe Foote, Mary Easton, Mabel Yard, Emma Chubra, Annie Jance, Eileen Scott, Violet Loftus, Beatrice Bailey, Mrs. Harris Randall, Mrs. F. K. Weinberg and others.

Other Social News on Page 13

Mr. and Mrs. H. Sioman entertained at a party on Tuesday evening at their home in Marigold, in honor of Mr. and Mrs. Harold Arnet, who were married at their home in Vancouver, B. C. The rooms were prettily decorated with pink and white streamers and roses and carnations. A pleasant evening was spent in cards and dancing, after which a delicious supper was served. The invited guests were: Mr. and Mrs. H. Arnet, Mrs. M. J. Sioman, Mrs. Anderson, Mrs. J. Arnet (Tofino, B.C.), Mrs. H. Wardman, Misses Marjorie Sioman, Evelyn Anderson, Lillian Sioman, and Messrs. Gilbert Duval, Cecil Slade, and Walter Arnet.

A very successful tea was held yesterday at the home of Mrs. Kirkham, under the auspices of the W.A. to the Sanich Red Cross Society. The tea was held at the home of Mrs. Kirkham, who was assisted by Mrs. Webster and Miss Douglas arranged the card party in the evening. Mr. McCollum acted as M.C. The prime winners were: Ladies' first Mrs. Kirkham; second, Mrs. McCollum; consolation prize, Mrs. Webster; gentlemen's first, Mr. Stonier; second, Mr. Webster; consolation, Miss Griffin and Mr. Stonier won the

Sheer Frocks and Women's Hygiene

New way safer—discards like tissue

By ELLEN J. BUCKLAND
Registered Nurse

THAT filmy gowns and women's oldest hygiene problem now go safely together is a fact millions of women are learning.

Old-time sanitary "pads" with their worries and dangers are giving way to the protection of a new way to call Kotex.

Kotex discards as easily as tissue. Thus no laundry, no embarrassment of disposal.

Five times as absorbent as ordinary cotton "pads," one may now dance, motor, go about for hours

NEWS IN BRIEF

Separately charged with driving to the common danger, G. Dods and J. Dunnett were each fined \$15 in the city police court to-day.

The Victoria Police Mutual Benefit Association will be hosts at another dance at the Flagstaff Street headquarters Friday. Dancing will commence at 9 p.m. under Bishop's orchestra.

Stella Bridges, arraigned before Magistrate Jay in city police court to-day on a charge of keeping liquor for sale at 562 Johnson Street, was remanded for hearing on Wednesday.

A special meeting of the Spanish Conservative Association will be held at 8 o'clock on Saturday, June 18, at the Conservative rooms, Campbell Building. Business will be organization of the annual picnic to be held at Elk Lake on July 13.

Sixty-three applications for the position of secretary of the Spanish School Board were before a special meeting of the board held yesterday afternoon in the Victoria office of Trustee Macdonald. The trustees selected several applicants for interviews on Saturday.

To-morrow evening an evangelistic and praise service will be held in the King's Hall by the Rev. W. W. Newberry, district superintendent of the Christian and Missionary Alliance of the Pacific Coast, will again speak on Sunday afternoon and evening in the King's Hall, and each day next week, afternoon and evening, except Monday evening.

Cheques will shortly be issued by the Spanish School Board to parents of nineteen Spanish pupils, above seventeen years of age, attending Victoria High School from September of last year. These cheques will be for refund of fees paid in 1926 for tuition, since found to be illegal. The aggregate amount to be repaid is \$479.85, and was included in the estimates early in the year.

The track and field club of the V.M.C.A. will meet every Tuesday and Friday in the building on Blanshard Street at 6:15 p.m. It is the intention of the members to enter into the Second Vancouver Island Track and Field Championships, to be staged at the Royal Athletic Park on Friday, July 1, at 10 a.m. This track and field meet will be held under the auspices of the Victoria Local Board, B.C. Branch of the A.A.U. of Canada, in conjunction with the celebration of Canada's Diamond Jubilee.

Pickers for the strawberry fields of Saanich are urgently in demand. College students and those from the senior classes in the public schools are making nice little nest eggs by picking now when the rush is on. The berries are large and the work will be continuous now for several weeks. It is reported by the Employment Service of Canada, where names of those willing to go to the fields are being received. Logans will follow the strawberries in rapid succession this year, providing an unusually long picking season.

A most successful garden fête was held by the Fairfield United Church on Wednesday. The society wishes to thank those who assisted in the success of the day. A group of men from the A.O.T.S. Society kept up a merry round of outdoor sports, adding materially to the financial success. In the evening the proceedings were further enlivened by the appearance of Miss Norah Edwards and her orchestra. The president of the society, Mrs. G. G. Woodward, who so generously opened their home and grounds, and also to the many guests. The home and veranda were decorated by many hanging baskets, potted plants and gay lanterns. A much appreciated feature of the day was a cafeteria supper under the supervision of Mrs. D. Maclean. A group of men from the A.O.T.S. Society kept up a merry round of outdoor sports, adding materially to the financial success. In the evening the proceedings were further enlivened by the appearance of Miss Norah Edwards and her orchestra. The president of the society, Mrs. G. G. Woodward, who so generously opened their home and grounds, and also to the many guests. The home and veranda were decorated by many hanging baskets, potted plants and gay lanterns. A much appreciated feature of the day was a cafeteria supper under the supervision of Mrs. D. Maclean.

Mrs. James Macdonald of Manitoba was chosen "Y" secretary and Mrs. A. Macdonald, L.T.L. secretary for the Dominion. Mrs. James Macdonald of Montreal, treasurer of the Dominion executive of the National Women's Christian Temperance Union, presented the figures necessary for the complete budget for 1927 and 1928. Before presenting the figures Mrs. Macdonald stated that only two provinces had met the budget allocation since the last conference. The two provinces are Manitoba and Alberta. Alberta fulfilling its obligation by sending the required amount, \$367 and Manitoba carrying out her pledge by sending the required amount, \$128. This failure of the provinces to meet their obligations for the Dominion budget presents a deficit of \$2,207. The expenditure since the last conference have been \$5,722 and the receipts \$3,428. In other words, the 20,000 women members of the Women's Christian Temperance Union have failed to contribute, with the exception of these two provinces, the allotted sum of twelve cents per year towards the Dominion budget.

Taking as a basis the expenditures of last year, at least \$5,722 will be needed in 1927 and 1928 to carry on the work of the Dominion branch of activities.

The convention closes this evening and many of the members are to spend the week-end in Victoria. The place and time for the next convention will be announced this evening.

Two Piano Factories In Toronto Merged
Toronto, June 16.—Announcement was made here to-day of the merging of the Nordheimer Piano Company and the Heintzman Piano Manufacturing Company. Each of these concerns has carried on business in Toronto for half a century.

The convention closes this evening and many of the members are to spend the week-end in Victoria. The place and time for the next convention will be announced this evening.

RAIDED CHINA MAN APPEALS SENTENCE

Counsel Questions Jurisdiction of Appellate Court Following County Court Appeal

Hornby Island Liquor Still Case Proceeding

Jurisdiction of the magistrate who tried the case and jurisdiction of the B.C. Court of Appeal to hear the appeal were both questioned in the case of Cheng Tong Seng, known as Yick Sing, proceeding before the B.C. Appeal Court.

After a provincial police raid on Hornby Island, September 24 of last year, Yick was fined \$300 and costs and sentenced to three months' hard labor and six months' hard labor in default of payment, by Magistrate C. Beaver Potts on a charge of concealing apparatus for the manufacture of liquor. He is now out on bail.

Several fifty-gallon barrels of rice mash in the course of fermentation, a furnace and a big cement enclosed caldron were found in defendant's Hornby Island shack when police swooped down on it according to the evidence given in the police court. When the police made another raid in November the shack had been burned down.

An appeal against the police court sentence was made to His Honor Judge C. H. Barker in the Cumberland County Court and was dismissed with costs against the Chinaman.

T. P. Morton appears for the Crown and R. C. Lowe for Yick in the appeal now proceeding. Preliminary objection to the appeal being heard was raised by Mr. Morton. The appeal having been taken from the Police Court to the County Court, all evidence had been exhausted, he submitted. Three courses were open after the conviction, he argued,--habes corpus proceedings, application for a stated case or an appeal to the County Court. An appeal to the County Court had been made and that, he submitted, was final in this case.

R. C. Lowe quoted authorities in support of his submission that under the Summary Convictions Act Magistrate Beaver Potts had not the right to try the case without first obtaining the consent of the man charged. Defendant, he said, did not consent to trial either before the magistrate or the county court judge.

Certificates in the appeal book of both the magistrate and judge said the case was a fit one for appeal. Involving fact alone or mixed fact and law. Mr. Justice McPhillips, touching upon the point of the right of the appeal court to hear the appeal, said he certainly would not countenance the objection unless he saw an intractable statute stating he must do. People of the County Court said the appeal court was the last court of the land.

Judgment was reserved on the point of jurisdiction and arguments proceeded on the merits of the case. Mr. Lowe pointed to the evidence to support his argument that there was no evidence to support the appeal. He said that the appeal court had no jurisdiction to hear the appeal. He said that the appeal court had no jurisdiction to hear the appeal. He said that the appeal court had no jurisdiction to hear the appeal.

ROTARIANS URGED TO RED CROSS
Bishop Schofield Calls Attention to Post-war Activities of Society

Right Rev. G. de V. Schofield, Bishop of the Diocese of Victoria, addressed the Rotary Club luncheon to-day at the Empress Hotel, appealing on behalf of the Canadian Red Cross peacetime programme. Bishop Schofield pointed out that the Red Cross Society has been continuously working since the conclusion of the war, \$7,000,000 having been spent in Canada in advancing the health of the people.

"JUBILEE TIME" TICKING MERRILY
(Continued from page 1)

day programme for which admissions will be asked. One type of ticket will cover everything except the ball, and yet another the ball alone. Hosts of features on the big three-day programme will be free all.

Some of the outstanding events are the street parade, and moving historical pageant, a living spectacle of Canada's march down, through the years and its high-lights in history; the unique pageant at the Willows, where over 1,000 school children will present a living picture of the progressive steps of Confederation, and its consequences; a grand water gale at the Inner Harbor, with aquatic events following each other in swift succession, a gay carnival at the Armories; and massed choirs and bands at Beacon Hill for a special open air service on the closing day.

In between the main items on the programme the Jubilee committees have arranged for a swiftly moving programme of entertainment that will appeal to all tastes and provide a generous measure of selection from among events running concurrently. The day expects to play host to upwards of 10,000 visitors during the period and is prepared to show them the best of a good time.

WIRING INSPECTOR PRAISED FOR WORK

City's Exhibit at Home Products Fair Draws General Attention

Credits to the wiring inspection department of the City of Victoria for taking the lead in educational work in the use and abuse of electrical work and shop equipment in Canada is given in the June issue of The Electrical Retailer, a MacLean, Toronto, publication.

Under the caption of "The Capital City of Our Pacific Coast Province Steps to the Front in Electrical Education Matters," the publication features a three-page illustrated article dealing with the city's exhibit at the Home Products Fair.

Credit is given to Sydney L. Wilson, city wiring inspector, whose novel and instructive exhibit, says The Electrical Retailer, has given a lead to other Canadian municipalities in a worthwhile cause which leads to a direct reduction in fire loss and greater public understanding of the chief mechanical power agency of the age.

The illustrations show the city's booth at the Home Products Fair, featuring "Shocking Revelations," "Causes of Bathroom Deaths," and the "Calamity Board," used by Mr. Wilson to illustrate his talks to Victoria house and factory owners during the fair.

Internationally known electrical publications have taken up the subject, his instruction as an example of what can be done by enterprising municipal officers in the Safety First Campaign.

(Continued from page 1)

MOONLIGHT EXCURSION
To-morrow evening the delegates will have a moonlight excursion on Lake Kootenay from Nelson to Main Kootenay Lake, with a band concert at Proctor and dancing on the steamship.

Saturday's programme includes the report of the resolutions committee, addresses or reports on "Penology," "Modern Criminal Procedure," "Juvenile Delinquency," "New Criminal Types," "Radio in Police Work," the announcement of committee chairmen for the coming year and election of officers. Saturday evening the Rotary and Gyro Clubs of Nelson will give a banquet to the delegates, with an orchestra and special entertainment numbers.

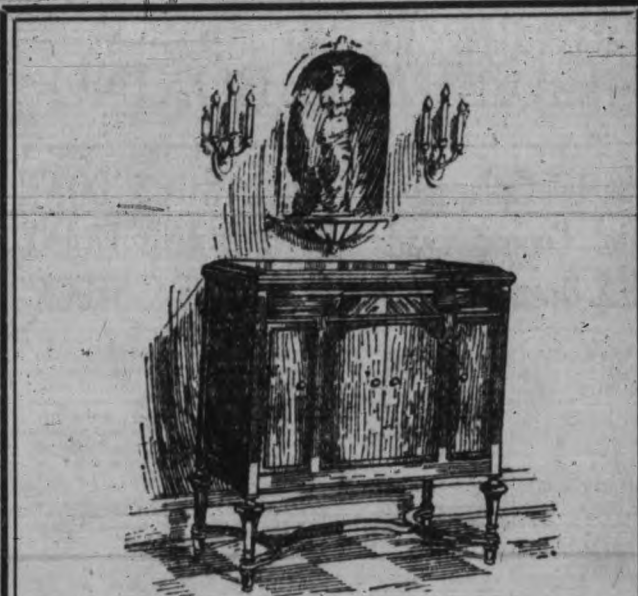

To-morrow's and Saturday's programmes will be broken during the morning and afternoon with short entertainment numbers, and flag and song service will open each session.

NUMEROUS SPEAKERS
The list of speakers for the three days' convention includes: Superior Judge Charles H. Levey, Spokane, Wash.; Judge Charles L. Heitman, Eighth Judicial District, Idaho; Judge C. W. Pomeroi, Eleventh Judicial District, Kalispell, Montana, on "How to Secure Procedure Reform"; the Rev. Mark A. Matthews, Seattle, Wash.; Police Chief L. V. Jenkins, Portland, Oregon; Clarence E. Long, superintendent of the Washington State Penitentiary, Walla Walla, Wash.; Miss Helen D. Pigeon, associate secretary of the International Association of Policewomen, Washington, D.C.; T. M. Rhoads, botham, inspector, Royal Canadian Mounted Police, Vancouver, B.C.; Lieut.-Col. J. M. McMullin, superintendent of the British Columbia Provincial Police, Victoria, B.C.; Forbes C. Kucharski, inspector, British Columbia Provincial Police, Victoria, B.C.; James Harris, chief constable, Lethbridge, Alta.; Chief W. H. Searling, Seattle; H. McGowan, inspector of police, Canadian Pacific Railway, Vancouver, B.C.; W. R. Dunwoody, inspector, British Columbia Provincial Police, Nelson, B.C.; C. F. McHardy, president of the Nelson, B.C., Board of Trade, and Inspector Foster, of the fingerprint division of the Royal Canadian Mounted Police, Ottawa.

MAY'S RECOMMENDATIONS
During his presidential address to-day Mr. May recommended the establishment of full courses in the scientific investigation of crime in universities; the formation of state and provincial crime commissions to act in conjunction and co-operate with the National Crime Commission; establishment by the Government of the United States of sufficient bureaus of identification throughout the country to make quickly available information relative to criminals' records, and the making of universal finger-printing of criminals a reality.

REPORTS ASKED
"George J. Starr, special agent at Seattle of the United States Department of Justice, asked local enforcement officers throughout the Northwest to refer to his department all violations of the federal statutes of the United States, particularly cases of theft, under the motor vehicle acts, infringements of the white slave law, and cases of impersonation of law enforcement officers."

He also urged all fingerprints taken be sent to the division of identification at Washington stating many criminals had records which were not known to the division or available to the law enforcement agencies of the nation because those who took them considered only their local utility.

Another New
Orthophonic
"True in Sound"
Victrola

Above is pictured the latest Victor creation, the new "Valencia" model Orthophonic Victrola. It is a masterpiece in design and finish—a magnificent example of the cabinet maker's handicraft.

Above all, it is an improved Orthophonic Victrola capable of reproducing every detail of musical expression faithfully and naturally. You must hear it to realize the tremendous step forward provided by this latest Victrola. Price is only \$225.00

Want Trade Laws Made Uniform in All Provinces
Edmonton, June 16.—Uniform commercial laws in the various provinces of the Dominion were called for in a resolution passed by the Canadian Creditmen's Trust Association in annual convention here. Attention was drawn to the lack of uniformity at the present time and it was felt that legislation is of vital interest to credit men who are constantly faced with problems requiring different action and procedure in various provinces.

President W. R. Bottom, on submitting the report of the legislation committee, urged the importance of steps being taken to bring about uniform legislation and procedure in the commercial laws of the provinces. The Provincial Police, Victoria, B.C., committee be named to consult and advise with the committees of the Canadian Bar Association so that that body

HORSE RACING

New York, June 16—Headline horse races of the East and West yesterday went to the Sage Stable's Flippant and J. W. Parrish's Percentage, respectively.

Flippant, a far better race than his previous showings had given grounds to expect. Flippant under jockey Steve O'Donnell outstripped the favorite Cheops, Gold Dini and Laddie in that order to win the Broadway Stakes for three-year-olds at Aqueduct.

Percentage, ridden by W. Crump, scored in the Bank Dick purse at La-Tonia, Ky., while the Son of Man O'War, War Eagle, placed second and Stamp Dale third.

Both horses won easily. Percentage had a three-length lead, although the distance was only six furlongs. Over the longer route of a mile and one-sixteenth Flippant had a length advantage over Cheops.

Jockey MacFarlane was in the saddle at La-Tonia, although his foot was stepped on by a mount on Tuesday.

Unperturbed, he romped home with three winners yesterday. He took the second on Kitty Yansen, the third on Counsellor Connolly and the seventh on John William II.

An outstanding long shot winner

Canadian Association Makes Rule; Dates Set For Game With English Team

Toronto, June 16—It is the duty of each prominent tennis player in Canada to play through the Canadian and provincial championships and each provincial association should do all possible to accomplish this, according to a resolution passed by the Canadian Lawn Tennis Association at a meeting held here. Failure on the part of any prominent player to carry out this duty will be taken into consideration by the ranking committees when making up the ranking list for Canada at the end of the season, the resolution says.

It was announced that the tennis federation of the English women's tennis team, which will tour Canada this summer, is as follows:

Quebec Lawn Tennis Club, Quebec, July 18; Mount Royal Tennis Club, Montreal, July 21; Rideau

Local Fox Farm is Inspected by Public

The Gilt Edge Fox Company's farm was thrown open to the general public yesterday afternoon, and a large number of visitors inspected the animals.

Dr. A. Knight, representing the Provincial Department of Agriculture,

gave a short address in which he stated the department was ready to give the industry every possible assistance. Dr. Knight pointed out that in fox feeding, as in all other branches of the livestock industry, great attention was necessary in the matter of sanitary conditions and the supplying of clean, fresh food.

Practical demonstrations of various kinds connected with the industry were given by D. M. MacDonald.

As Lovely as New— After Innumerable Washings

Because the rayon is woven into a firm elastic fabric it launders and irons beautifully—retaining color, shape and cut through innumerable washings.

You'll love the designs, the fashionable colors—Kimono, pyjamas, nighties, slips, bloomers and vests—all in the finest and most durable rayon.

SEE GROWERS BAQUETED BY PROVINCE

Department of Agriculture
Tenders Banquet to Agri-
cultural Leaders of Canada

Delegates attending the convention of the Canadian Seed Growers Association and the Canadian Society of Technical Agriculturists were last night the guests of the Provincial Department of Agriculture at a banquet held at the Empress Hotel. The chair was occupied by Dr. David Warnock, O.B.E., Deputy Minister of Agriculture, and the function was attended by 150 delegates and ladies.

Welcoming the delegates, Dr. Warnock commented upon the harmony notable at the Seed Growers convention just closed, and praised the large attendance marking all sessions.

Hon. A. M. Manson, Attorney-General, addressing the delegates in place of Premier Oliver, was introduced by Chairman Dr. Warnock, who remarked that it was Mr. Manson's constitution of Omicron which produced the world's champion timothy shown last year at the Chicago hay and grain fair.

Hon. Mr. Manson expressed diffidence in addressing a gathering of expert agriculturists on matters familiar to them. He welcomed the delegates as a step to develop a stronger Canadianism, through a wider knowledge of Canada and the varied interests of the widely separated areas.

LAND WORTH KNOWING

He recalled that British Columbia owed her early settlement to the search for gold, followed by interest in her timber riches. It was many years before attention was directed to the agricultural possibilities. To-day the people of British Columbia realize the value of her soil and proudly call the attention of the world to the possibilities which await the farmer.

Mr. Manson told of vast areas in the eastern areas suited to grain-raising, sketched the wide central territories desirable for mixed farming, and turned attention to the Chilcoot district ideal for cattle, sheep and horse-raising.

The horticultural resources of the Okanagan are immense, and the Fraser Valley gives livelihood to a prosperous farm population. Interested in dairying and allied industries.

NOW SECOND-INDUSTRY

"Instead of agriculture being a minor interest in British Columbia to-day it is the second industry of the Province with a value of \$70,000,000 last year, only exceeded by lumbering in yearly value of product." In ten years agriculture produced a return of \$252,000,000, he showed.

Quoting increases in value of a long array of agricultural products, Mr. Manson remarked "these increases must be of interest to men interested in farming."

MARKETS CREATED

Turning to the increase in the industrial activity of this Province, to show the market created for the products of the farm, the speaker showed that ten years ago industrial payrolls totalled \$78,000,000, while last year the wages paid by industry had attained \$175,000,000. Last year this Province had an increase in total production of \$17,000,000, distributed over almost all lines of industry.

Mr. Manson urged development of goodwill between East and West. He pointed out that differences between parts of Canada, as to economic or other matters, could not be allowed to hinder the development of a strong spirit of Canadianism, hearty loyalty, and optimism as to the future. He was confident that matters, such as freight rates would be settled in an amicable spirit.

Mr. Manson touched upon problems of government in British Columbia, citing the necessity of providing highways, now sufficient for a population twenty-five times as large as to-day in the Province. He contrasted responsibility placed on Provincial authorities, because of the large areas unorganized, with decentralization effected by prairie provinces, following almost complete municipalization.

Henry Rive of the Dairy Branch of the Provincial Department of Agriculture, proposed the toast of "Our Guests," pointing out that among the guests were leaders and instructors of modern agriculture, and good seed, with good tillage, are the bases of progressive agriculture.

Philip Roy of the Quebec Department of Agriculture, president of the Canadian Society of Technical Agriculturists, replied, remarking that the dining and white collar farmer are alike given splendid recognition by all the other professions.

He expressed the pleasure of the visitors in having opportunity to visit "Your Garden of Eden." Mr. Roy asserted that everyone in British Columbia appeared to hold membership on the committee of welcome, and the hospitality extended had been surprising in its warmth. "You may rest assured we will not forget the splendid welcome we have received here," he said.

President Strange of the seed growers moved a vote of thanks to Dr. Warnock, wittily seconded by Dr. Creighton of Quebec.

The entertainment programme included solos and duets by Messrs. Kellway and Butterworth, accompanied by Cecil Heslop, who sang a solo by Arthur Dowell, accompanied by Mrs. Matthews.

During the banquet community singing was led by R. R. Webb, with Cecil Heslop at the piano.

TOUR OF SAANICH

After conclusion of business sessions yesterday morning 130 delegates and ladies visited the Dominion Experimental Farm at Sidney for luncheon, followed by inspection of the operations being carried on. En route the party called at the Elk Lake flower seed farm of Geo. V. Robinson.

After a tour of the 200-acre commercial seed growing farm of the Sunset Seed Co. at Keating, the delegates were the guests of Mr. and Mrs. R. P. Butchart for afternoon tea, following

a tour of the wonderful gardens, now at the height of colorful beauty. W. T. Macoun of Ottawa expressed to Mrs. Butchart the appreciation of the visitors remarking "we cannot understand the wonderful unselfishness of Mr. and Mrs. Butchart in giving everyone the privilege of viewing the beauties of these wonderful gardens."

Mrs. Butchart urged all members of the convention to return to Victoria as early as possible and again be her guests. Cheers and singing of "She's a Jolly Good Lady" marked the departure of the visitors.

LINDBERGH AGAIN FLIES OCEAN PLANE

Goes to Washington; Flies His U.S.-Paris Machine to New York

New York, June 16.—Colonel Charles A. Lindbergh sprang a surprise early this morning when he suddenly decided he would like to have his own plane, the Spirit of St. Louis, which had been left behind in Washington Monday owing to engine trouble. At 9:05 a.m. he hopped off in a borrowed plane from Mitchell Field and at 7:57 a.m. he was back at Mitchell Field with the other half of his famous "We."

The Transatlantic flier was attending a midnight benefit performance at a local theatre in aid of the families of the missing French aviator, Hunzinger and Colt. Suddenly, at 2 o'clock, "Lindy," accompanied by Grover Whalen, chairman of the New York reception committee, and his personal representative, left the theatre unknown to most of the 6,000 in attendance.

REPORTERS SURPRISED

Even the newspapermen assigned to trail this famous flier were taken unawares and they didn't catch up until Lindbergh was ready to take off at Mitchell Field.

The colonel was dressed in full evening clothes, but over that he put on a flying suit borrowed at the field. Besides a helmet and goggles.

He arrived at Bolling Field, Washington, at 4:44 a.m. and started back for New York at 5:09 a.m., arriving two hours and 48 minutes later.

WELCOME AT ST. LOUIS

St. Louis, June 16.—St. Louis to-day was ready to bellow forth a tumultuous welcome to its celebrated flier, Colonel Charles A. Lindbergh.

The thousand and one details necessary to make the home-coming celebration the most elaborate ever, accorded a citizen of St. Louis had been completed and the city welcomed the arrival of the noted Transatlantic birdman in the "Spirit of St. Louis," scheduled for 4 o'clock to-morrow afternoon.

The home-coming celebration will start about 3:30 o'clock to-morrow when the flier is scheduled to wing his way across the Mississippi river from the East.

EASTERN PROVINCES ARE TO BE AIDED

No Third Party Needed in Maritimes, Says Postmaster-General of Canada

St. John, N.B., June 16.—A Maritime Province party along somewhat similar lines to the Progressive Party in the West could be formed, if it became necessary, said B. B. Baxter, Conservative Premier of New Brunswick stated before more than 200 persons in attendance here last night at an hour-long banquet. Mr. Baxter, Minister of National Defence, Premier Baxter thought a Maritime party might hold the balance of power at Ottawa at a critical time.

Mr. Veniot expressed the opinion that if after using all the constitutional means at hand, success was not achieved, then only would it be time to think of a third party.

"But there will not be any need of a third party if the Maritime members will stand behind the party in power at Ottawa," he declared.

FREIGHT RATES

Col. Ralston said: "The freight rates act will be given effect, if not by the C.P.R. and C.N.R. or the Railway Commission, then by the Parliament of Canada. There are difficulties in the freight rate situation, but I think they can be ironed out."

CANADIAN LEGION W.A. PLANS STRAWBERRY FETE

The W.A. to the Canadian Legion Post-Patrol Branch held the fortnightly meeting in the clubroom last night. Mrs. Chambers presiding. The treasurer, Mrs. Bolt, gave a very excellent report for May. Mrs. Mout, treasurer of ways and means, gave a report on the weekly whist drives, which are as popular as usual, and said that a strawberry fete was to be held on June 23, this function to be open to the public. A splendid programme is being arranged.

A letter was read from the public health committee of the local council asking for taggers. It was arranged that all willing to assist should communicate with the convener.

Mrs. Macnicol and Mrs. Stewart, Mount Toimie, were commissioned to purchase fishing tackle for the patients at Tranquille, \$25 to be spent on the gift.

Mrs. Chambers reported having attended the Provincial convention of the Canadian Legion in Vancouver for the purpose of assisting in the organization of Ladies' Auxiliaries to the Canadian Legion in British Columbia.

A very successful meeting was held and twenty-one branches were formed as a beginning in B.C. The following officers were elected: Hon. president, Mrs. Macnicol; hon. vice-president, Mrs. Cook; president, Mrs. Levy, Vancouver; first vice-president, Mrs. Chambers, Victoria; second vice-president, Mrs. Barnard, Nanaimo; third vice-president, Mrs. Mansfield, Port Langley; fourth vice-president, Mrs. Felleit, Peachland; secretary, Mrs. Harvie, Vancouver; zone representative, Mrs. Bloomfield, Victoria.

The South Saanich Women's Institute will hold their regular monthly meeting in the Temperance Hall on Thursday evening, June 16. The report of the recent provincial conference at Chilliwack will be given by Mrs. Nimmo, the institute delegate. The election of a new president will be held, to fill the vacancy of the former president.

Keating

Our Own Brand

THE SOUTH SAANICH WOMEN'S INSTITUTE

will hold their regular monthly meeting in the Temperance Hall on Thursday evening, June 16. The report of the recent provincial conference at Chilliwack will be given by Mrs. Nimmo, the institute delegate. The election of a new president will be held, to fill the vacancy of the former president.

Again we say

-the world's greatest tire

Greatest Because of Longer Mileage—
Greater Traction—Finer Appearance

Announced only within the past month, the New Goodyear All-Weather Tread Balloon Tire, prior to its announcement, had proven itself the greatest tire ever offered. Greater even than the previous Goodyear Balloon which, as proved by its sales, had established itself firmly in the premier position.

In actual service on thousands of cars and for 5,400,000 tire miles on the Goodyear test fleet—this Great New Goodyear Balloon had vindicated in no uncertain manner its claim to being—The World's Greatest Tire.

SUPERTWIST Balloon Carcass

Never has Supertwist Cord had an opportunity to so thoroughly demonstrate its superior worth as in the New Goodyear Balloon.

Never has performance of a tire so clearly established the wisdom of Goodyear's foresight in developing in its own mills a Cord with inherent elasticity—a cord which itself stretches under road shocks, and springs back without breaking. Supertwist is Goodyear's own product, reserved for use in Goodyear Tires alone.

Supertwist is 61% more elastic than old-style Cord (see chart to the left). It therefore, absorbs shocks which would break old-style Cords, thus, of course, adding immeasurably to the life of the tire.

ALL-WEATHER Balloon Tread

This newest All-Weather Tread—the greatest tire tread ever devised—promises greater mileage and more efficient traction than has been given by any earlier type of balloon tire.

Selected from 86 tread designs—each exhaustively and impartially tested—this new design was chosen because:

It overcomes the typically rapid tread wear of Balloon Tires.

It "pinches" the road and grips and hangs on.

It runs smoothly and quietly. It adds to the appearance of the car.

It carries the car safely around curves and even on wet pavements.

The great New Goodyear Balloon—The World's Greatest Tire—offers you the opportunity of at once enjoying the greater all-round economy and satisfaction which the world's largest tire manufacturer now offers you at a price no higher than is asked for other tires.

Goodyear means Good Wear

GOODYEAR
MADE IN CANADA

dent, Mrs. Mitchell, who was forced to resign on account of illness.

The Farmers' Institute will also meet in the Temperance Hall on Thursday, when the speaker for the evening will be Mr. Domes of the Department of Agriculture, his subject being, "Fruit Insects and Pests." The results of the loganberry crop competition, will be announced and the presentation of the prizes of the strawberry and loganberry crops will take place.

The Young People's meeting will be held in the church on Monday evening, June 20, at 8 o'clock.

LIFE SENTENCE IS GIVEN B. KOWCEDA

Youth Who Killed Soviet Minister in Warsaw May Serve Fifteen Years

Warsaw, Poland, June 16.—Boris Kowceda, the nineteen-year-old youth who assassinated Peter Volkoff, Soviet Minister to Poland, in Warsaw, June 7, was sentenced yesterday to penal servitude for life and the loss of all civil rights. The court decided to recommend to the President of the Republic commutation of the sentence to fifteen years' servitude.

Kowceda admitted the killing at his brief trial yesterday, but declared he was not guilty of murder. He had merely taken vengeance for "what the Bolsheviks have done in Russia," he said.

The slayer, who appeared older than his years, was composed in manner during his examination, but at times showed signs of considerable nervous stress.

"I killed Minister Volkoff, but I am not guilty of murder," he declared, giving a short account of how he shot the Soviet envoy at the Warsaw railroad station. He said he did not know Volkoff personally, but that he had killed him "because of what the Bolsheviks have done in Russia."

ROBBERY IN PORTLAND
Portland, June 16.—A lone robber, resembling and operating the same as a robber who held up the place on April 19, held up Berg's Waist shop in the Portland Hotel yesterday and got away with about \$600. With a gun he herded the women clerks into back room, picked up what cash he saw and

FRECKLES

DOUBLE STRENGTH MONEY BACK GUARANTEE SOLD BY DRUG AND DEPARTMENT STORES EVERYWHERE

gruffly demanded more, then hurried away.

ATLANTIC FLIERS HONORED
Stuttgart, Wurttemberg, Germany, June 16.—The Wurttemberg State Par-

liament yesterday interrupted one of its sessions in the midst of a flight of oratory to pay homage to Clarence Chamberlin and Charles Levine, who arrived from Friedrichshafen, Speaker Koerner held up the session of the Land-

tag and announced he had the honor of greeting New York-German fliers. The progress of the aviators from the flying field to the Landtag Building in an automobile draped with a United States flag and covered with flowers was a triumphal procession.
